

## Weather Closures

[www.resurrection.church](http://www.resurrection.church) The church's homepage is the church's primary and official information source weather-related program cancellations.

### Programs and Ministries follow the processes below:

#### Weekday Daytime (7am-5pm) Activities:

Daytime activities follow the local school district's decisions: BVSD for Leawood, OSD for West, KCPS for Downtown and Brookside, BSSD for Blue Springs, SMSD for Overland Park.

- **School District Open:** When local school districts remain open, daytime activities will be held as scheduled.
- **School District Closed:** When local school districts close for inclement weather, all morning and afternoon activities automatically cancel for children, youth and adults.
- **School District Delayed Start:** When local school districts open late (e.g., two-hour delay), morning nursery automatically cancels, with adult programs not requiring nursery continuing as scheduled. All afternoon and evening programs continue according to schedule.
- **School District Not In Session:** On weekdays when the local school district is not ordinarily in session (holidays), activity cancellations will be made by the location's Director of Operations & Community Life and posted as an alert on the homepage at [www.resurrection.church](http://www.resurrection.church) as soon as possible.

**Evening Weekday Activities (5pm-10pm):** Evening activities and nursery do not necessarily correspond with local school district closings. Evening closure decisions are made by the Location Directors of Operations & Community Life and posted to [www.resurrection.church](http://www.resurrection.church) by 3pm.

**Weekends:** Despite inclement weather, weekend worship will be held as scheduled unless determined by the Senior Pastor. Everyone is asked to use discretion when deciding to personally attend. Non-worship program cancellations will be made by the Location Directors of Operations & Community Life and posted to [www.resurrection.church](http://www.resurrection.church) as soon as possible.

**Exceptions:** In rare situations, activity-specific exceptions may be made when: 1) an activity must cancel while other programs are held, or 2) when an activity must be held while other programs are cancelled. To avoid miscommunication, all exception requests must be submitted to the appropriate Director of Operations & Community Life by 7am for daytime events and noon for evening events.
