

## TALK

- Cooperation is working together to do more than you can do alone.
- Talk about how each person is created unique for a reason and because we are all different, we have different abilities, gifts and talents. This is because Jesus wants us to work together!
- What abilities, gifts and talents do each of your family members have?
- Talk about a time when you worked with someone else on a team or for a project. What was that experience like?

## DO TOGETHER

As a family, stir up the creativity, have some fun and put together a play or musical number that you all perform together. Let your kids help write, direct and perform in the show. Talk about cooperation and how it took the whole family to do their part to make this work. Make sure to record it for future memories to look back on!

## Memory Verse

“Two people are better than one. They can help each other in everything they do.”

Ecclasiastes 4:9 NIRV

EARLY CHILDHOOD | March

# WATCH THIS!

## TALK

- Jesus did a lot of amazing things. He calmed a storm that was making big waves. He helped Peter catch a ton of fish. He helped a little boy split his lunch with a very large crowd. He also healed a man who could not see. That is just a few of the awesome things Jesus did! Wow!
- Jesus is so amazing and powerful. Talk about what superpower you would have and how it would help people.

## DO TOGETHER

Have a family talent show! Help each family member find something amazing that they can do that not everyone can do. Tell a joke, sing a song, do a trick, or anything they feel is amazing and unique. After the show, talk about how Jesus is amazing and can do things that we cannot do because he is God's son! Jesus is awesome and so are you!
