

Pledging My Heart to the Heart of America

*We aim to foster a society of mutual respect, dialogue, peace,
and cooperation, cherishing our shared humanity above all else.*

1. I believe every human being is made in the image of God and is of infinite value.
2. I believe fear of difference can give rise to hatred.
3. I believe that fear of others should serve as a motivation to learn more about them.
4. I shall attempt to understand those who embrace hatred and not just condemn them.
5. What I don't understand is not automatically wrong.
6. I don't get bigger or better when I make someone else smaller.
7. I will take action when I witness prejudice of any kind.
