ALLIES for RACIAL JUSTICE

UPDATE

Members of the ARJ Leadership Team provide these summer reading, listening, and viewing recommendations to help you in your racial justice learning journey. Items are available online and through bookstores.

BUILT FROM THE FIRE

An epic tale about a neighborhood that refused, more than once, to be erased.

This outstanding book brings us the **multigenerational saga of a real family and a community in Tulsa's Greenwood district, known as "Black Wall Street," that in one century survived the 1921 Tulsa Race Massacre, urban renewal, and gentrification.** Victor Luckerson is a national journalist and author based in Tulsa who works to bring neglected Black history to light.
