# WELCOME TO YOUR 2026 BENEFITS!

At Resurrection, we know it's easier to be happy at work when you're healthy at home (and everywhere else). That's why we offer a fully customizable benefits package to take the best care of you and yours. Within this guide, you can jump in and get to know more about your options.

Be sure to reach out to Human Resources any time you have a question, and we'll be happy to help!

## ELIGIBILITY:

### Regular Status Employees Scheduled to Work 30 Hours Per Week or More

If you're a regular status employee scheduled to work at least 30 hours per week, Resurrection's benefits has you and your dependents covered! Dependents are individuals like your legal spouse and your children up to age 26 – children are your kids, step kids, adopted kids, or kids that you're a legal guardian for. *Please review each benefit summary for specific eligibility requirements and age limits.*

### New Hires Scheduled to Work 30 Hours Per Week or More

Welcome to the team, we're so glad you're here! If you were hired into a regular status position schedule to work at least 30 hours per week, you have **30 days from your date-of-hire** to choose your benefits. Your coverage begins the first day of the month on or following your hire date. Choosing your benefits through ADP is easy, but this guide and your HR team are here to help!

### Make sure to enroll

If you do not enroll during annual open enrollment or during your initial eligibility period, you will not have another opportunity to enroll for the group benefits coverage until the next open enrollment period unless you have a **Qualifying Life Event**. Additionally, no changes can be made to the group benefits you enrolled in during the year unless you have a Qualifying Life Event.

## Qualifying Life Events

To request an election change due to a Qualifying Life Event, you must notify Human Resources within 30 days of the event to confirm your eligibility for adjusting your coverage. Benefit changes cannot be made after this 30-day window.

For assistance, contact Mary Murray.

## QUALIFYING LIFE EVENTS

\* This is not exclusive. Permitted changes may vary based on the type of event and enrollment change requested.

### Regular Status Employees Scheduled to Work 20 to 29 Hours Per Week

If you are a regular status employee scheduled to work 20–29 hours per week, you are not eligible for health benefits; however, you are eligible for the benefits listed in the **Additional Benefits** section of this overview.

# THE LANGUAGE OF BENEFITS

## Definitions for Common Terms

**Annual Maximum Benefit:** A cap on the benefits your insurance company will pay in a year while you're enrolled in a particular benefit plan. After an annual limit is reached, you must pay all associated health care costs for the rest of the year.

**Coinsurance:** The percentage of costs for a covered health care service that you pay **after** you've paid your deductible.

**Copayment (copay):** A fixed amount that you pay for a covered health care service (for example, a doctor's office visit). Copays can vary for different services within the same plan, such as prescriptions, lab tests, and visits to specialists. Most copays apply before the deductible is met.

**Deductible:** The amount you pay for covered health care services before your insurance plan starts to pay. For example, with a \$2,500 deductible, you pay the first \$2,500 of covered services yourself. For plans with coinsurance, after you pay your deductible, you will pay the coinsurance amount for covered services until your out-of-pocket maximum is met, then your insurance company pays the rest. Your deductible starts over each calendar year.

**Exclusive Provider Organization (EPO):** Requires members to use a specific network of doctors and hospitals. Members do not need a referral to see specialists in network. Care outside this network is generally not covered, except in emergencies. This means you must choose providers within the EPO network for your healthcare needs.

**In-Network:** Providers who contract with your insurance carrier. In-network services typically cost less than out-of-network services.

**Out-of-Network:** Providers who don't contract with your insurance carrier. Out-of-network services typically cost more than in-network services. In addition, you may be responsible for anything above the allowed amount.

**Out-of-Pocket Maximum:** The most you will pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance, your plan pays 100% of the costs of covered services. The out-of-pocket limit doesn't include your monthly premiums or anything you may spend for services your plan doesn't cover.

**Preferred Provider Organization (PPO):** Offers a larger network of providers and allows members to see any doctor or specialist without a referral. While you can receive care from out-of-network providers, it will typically cost more than in-network-care.

**Prescription Drug Formulary:** A list of prescription drugs covered by a prescription drug plan. Also called a drug list.

**Premium:** The amount you pay for the insurance plan.

**Prior Authorization:** Approval from a health plan that may be required before you receive a service or fill a prescription in order for the service or prescription to be covered by your plan.

**Preventive Care:** Routine health care that includes screenings, check-ups, and patient counseling to prevent illnesses, disease, or other health problems.

# BLUE KC PRESCRIPTION DRUG COVERAGE

Our medical coverage through Blue Cross Blue Shield of Kansas City includes a Prescription Drug Program. The cost of each prescription is determined by the tier it falls under. You can find in-network pharmacies and a list of covered prescriptions at [www.bluekc.com](http://www.bluekc.com).

GENERIC DRUGS	
<b>Tier 1</b>	To get more out of your health care plan, choose generic drugs when possible. Generic drugs are the chemical equivalent of their more expensive brand name drug counterparts. Even if your doctor prescribes you a brand name drug, you can always ask for the generic equivalent.
PREFERRED DRUGS	
<b>Tier 2</b>	Preferred brand name drugs are prescriptions that your pharmacy benefit plan has selected as the most effective and cost efficient to treat certain conditions or illnesses. These brand name drugs are often more expensive than their generic counterpart.
NON-PREFERRED DRUGS	
<b>Tier 3</b>	Non-preferred brand name drugs treat conditions or illnesses that can also be treated by a preferred brand name or generic prescription. These drugs typically have a higher copayment.
SPECIALTY DRUGS	
<b>Tier 4</b>	Specialty drugs are high-cost prescription medications used to treat complex, chronic conditions like cancer, rheumatoid arthritis, and multiple sclerosis. These drugs sometimes require special handling and administration.

## How a Health Savings Account (HSA) Works

	<b>Eligibility</b>
	<p>Anyone who is:</p> <ul style="list-style-type: none"> <li>• Enrolled in a High-Deductible Health Plan (HDHP)</li> <li>• Not enrolled in another medical plan, unless it is a High Deducible Health Plan (HDHP)</li> <li>• Not enrolled in Medicare benefits</li> <li>• Not eligible to be claimed on another person’s tax return</li> </ul>

**You must choose to enroll in a Medical, Limited Purpose or Dependent Care FSA each year – your participation WILL NOT automatically carry over from year to year**

## IRS Rules Govern Substantiation Requirements

The IRS has established specific guidelines that require all Benefit Spending Accounts, including Flexible Spending Account and Dependent Care Account transactions — even those made using a debit card — to be substantiated (verified that the purchase was an eligible expense).

The substantiation process is performed by UMB. They are very diligent in the execution of the substantiation process to avoid adverse tax consequences to employees.

	Substantiation REQUIRED	No Follow-Up REQUIRED
Matched Co-Pays		X
Transactions at merchants who can electronically validate the expense at the point of sale		X
Recurring Expenses	One time only (annually)	No further substantiation needed if the subsequent transaction exactly matches the provider and dollar amount as the transaction previously approved
Medical Care	X	
Dental Care	X	
Vision Care	X	

**UMB makes it easy to submit required receipts, just follow the SWIPE and SNAP rules!**

**Simply swipe your card, collect your itemized receipt or Explanation of Benefits (EOB), and snap a picture to upload it to your online account.**

### PAID TIME OFF (PTO)

Early Learning Center (ELC) teachers receive Paid Time Off (PTO) each year based on their regularly scheduled weekly hours, calculated on an annualized basis\*, and length of service. PTO may be used for vacation, personal time, or illness.

The ELC PTO benefit year begins on September 1. PTO is granted annually on September 1 and is tracked based on this benefit year. New hires who begin employment after the start of the school year will receive a prorated PTO grant based on the number of months worked during the benefit year.

Employees may carry over up to 2 weeks of unused PTO into the next benefit year.

<u>Hours/Service</u>	<u>PTO</u>
40 hours, less than 5 years	2 weeks
40 hours, completion of 5 years**	3 weeks
20-39 hours	2 weeks

PTO may be used in hourly increments. PTO is paid at the employee's base pay rate for the number of hours the employee would normally be scheduled to work at the time PTO is taken. PTO is not intended to be used to increase pay beyond an employee's normal scheduled hours.

To use PTO, employees must submit a request through the payroll system. Approval is at the discretion of the supervisor and is based on staffing needs, licensing requirements, and the operational needs of the Early Learning Center.

Employees are strongly encouraged to use their PTO.

Examples of calculated annualized hours:

#### Example 1: Year-Round Employee

- Calculation:  $(22 \times 52) \div 52 = 22$  hours/week

#### Example 2: School-Year Employee

- Calculation:  $(22 \times 39) \div 52 = 16.5$  hours/week
